Objective

To secure a challenging role as a Junior Mobile Developer in Flutter or Frontend Development, utilizing my extensive experience in graphic design and newly acquired skills in software engineering as a catalyst to create visually appealing and user-friendly mobile applications.

Professional Experience

DUDA Advertising - Art Director – 2012 to 2017

- As an Art Director and Graphic Designer, I have had the opportunity to work on various projects that have helped me develop and refine my skills. Through my experience, I have learned to approach complex design challenges creatively and collaborate effectively with clients and colleagues to deliver great results. I have worked with diverse clients, from small businesses to large corporations and non-profit organizations. Additionally, I have worked as a UX/UI designer, applying my skills to create engaging and intuitive digital experiences. I remain committed to continuous learning and growth in my field, and I am grateful for the opportunities that have helped me to develop as a designer.

Volcano Hotmind Advertising and Production - Assistant Art Director - 2010 to 2012

- As a Junior Art Director, my skills and experiences reflect a strong passion for design and creativity. I have developed a comprehensive understanding of design principles and concepts and a broad range of technical skills that enable me to bring my ideas to life. My expertise lies in developing visual solutions that effectively communicate brand messaging and convey a strong sense of identity.

DZN Advertising and Marketing – Account Executive Junior - 2009 to 2010

- As an Account Executive Junior, I proactively identified and pitched new ideas to customers, increasing sales and revenue for the agency. I also played a role in the production process of the agency's products by liaising with print shops and other suppliers to ensure timely and cost-effective delivery. Through strong communication and negotiation skills, I maintained excellent relationships with clients and vendors, ensuring their satisfaction with the quality of service provided.

Sao Paulo City Hall - Marketing Assistant - 2008 to 2009

- As a Marketing Assistant, I had the privilege of contributing to developing successful communication and advertising initiatives. In this role, I worked on creating communication products, such as marketing materials and social media content, to promote the city's initiatives and events.
